

STUDIO P

DEEP

DEEP STUDIO P

PT

Studio P é o departamento de design e desenvolvimento de produto da Water Evolution e nasceu em 2005.

As ideias do Studio P nascem a partir de muitos anos do conhecimento profundo das necessidades dos arquitectos, promotores imobiliários e hoteleiros, e clientes finais, que lhe permitem identificar oportunidades de criação e desenvolvimento de produto.

Os produtos da Studio P caracterizam-se por serem inovadores, racionais, funcionais e de top design.

Nos últimos cinco anos, foram desenvolvidas linhas de torneiras, acessórios, banheiras, resguardos e móveis de banho.

A linha Flow, lançada em 2005, alcançou um grande sucesso internacional, estando presente em espaços de referência, como hotéis, espaços comerciais e condomínios.

EN

Studio P is Water Evolution's design and product development department and was created in 2005.

Studio P's ideas were born from many years of deep knowledge of the needs of architects, property developers, hoteliers and end customers, allowing it to identify opportunities for product creation and development. Studio P's products are characterized by being innovative, rational, functional and of top design.

In the last five years, lines of taps, accessories, bathtubs, shower enclosures and bathroom furniture were developed.

The line Flow, launched in 2005, achieved great international success, and can be found in many spaces of reference, such as hotels, commercial spaces and condominiums.

IT

Studio P è il reparto di progettazione e sviluppo di prodotti per Water Evolution ed è stato creato nel 2005.

Le idee di Studio P sono nati da anni di profonda conoscenza delle esigenze di architetti, promotori immobiliari, albergatori e clienti finali, permettendo così di identificare opportunità per la creazione e sviluppo del prodotto. I prodotti di Studio P si caratterizzano per essere innovativi, razionali, funzionali e di alto design.

Negli ultimi cinque anni, linee di rubinetti, accessori, vasche, cabine per doccia e mobili da bagno sono stati sviluppati.

La linea Flow, lanciata nel 2005, ottenne un grande successo internazionale, e può essere trovata in spazi di riferimento, come alberghi, spazi commerciali e condomini.

FR

Studio P est le département de conception et de développement de produit de Water Evolution and a été créé en 2005.

Les idées de Studio P sont nées de nombreuses années de une connaissance approfondie des besoins des architectes, des promoteurs immobiliers, des hôteliers et des clients finaux, ce qui lui permet d'identifier les opportunités pour la création et développement de produits. Les produits Studio P sont caractérisés par leur innovation, rationalité, fonctionnalité et conception supérieure.

Au cours des cinq dernières années, lignes de robinets, accessoires, baignoires, pare-douche et meubles de bain ont été développés.

La ligne Flow, lancé en 2005, a réalisé un grand succès international, et peut être trouvée dans espaces de référence, tels que hôtels, espaces commerciaux et condominiums.

ES

Studio P es el departamento de diseño y desarrollo de productos para Water Evolution y nació en 2005.

Las ideas de P Studio nacen de muchos años de un profundo conocimiento de las necesidades de arquitectos, promotores inmobiliarios, hoteleros y clientes finales, lo que le permite identificar oportunidades para la creación y desarrollo de productos.
